This stand is made up of 4 panels, each measuring 673mm wide x 2225mm deep.

Pointers

1. Try to avoid small text being split by the joins wherever possible.
2. When placing photoshop images make sure they are CMYK and at least 400dpi when being placed into this document at 100%.
3. Note that the endcaps curve around to the back of the stand, and it is not advisable to put any important text in the non visible area. (non visible from front view)
4. If you are using a PC when designing your artwork please make sure all text is set as outline and placed as an eps file.

We do not accept Correll Draw eps files.

We are a Mac based company and accept most Mac based files including:

Quark, Illustrator, Freehand, Indesign or print ready pdf's made from one of these Mac files..

5. Please supply a laser proof if possible.
6. **If you have any problems please ring Rob on 01202 545121**
